Message from the Interim CEPI CEO

"Last week the Interim CEPI Board had its second face-to-face meeting in New Delhi, India. I would like to thank our Indian partners for hosting the meeting in such a well-organized and friendly efficient manner. A highly committed Board had detailed and engaged discussions on the CEPI policies on equitable access, shared risks/benefits and management of IP, and on the key priorities as we move into implementation phase. The Board decided to start the process of recruiting a CEO of CEPI, and I hope for great interest in this important and rewarding position, which is a unique opportunity to lead the establishing of a new global health organization."

John-Arne Røttingen, Interim CEPI CEO

CEPI CEO: Challenging and rewarding entrepreneurial opportunity

CEPI, in partnership with Carmichael Fisher, are now seeking to find a visionary Chief Executive Officer who can lead the coalition through this phase of growth and maximise the positive impact that CEPI can make in the years ahead.

This is an exceptionally rare opportunity to be at the forefront of positive change and combine the best qualities of the public, private and philanthropic sectors to deliver new vaccines for a safer world.

If you are interested in applying, please take a look at the [full announcement](#) including additional information on the application process.

CEPI Independent Experts Database

The CEPI Secretariat is developing this database of prospective independent experts to assist CEPI with tasks related to Calls for Proposals (CfPs).

Working as an independent expert, you will score proposals and provide a short evaluation summary. Guidelines for scoring and scoring templates will be provided by the CEPI Secretariat. The final decision on the selection of project funding will be made by the CEPI Board, based on recommendations made by the CEPI Scientific Advisory Committee. You will not have any role in monitoring the progress of on-going projects. As an expert, you will perform this work as an independent individual and not represent a company or organisation.

If you are interested, please send your CV and a short cover letter to apply@cepi.net by COB 10 January 2017.

More information on the CEPI Independent Experts Database and how you can apply can be found [here](#).
